GEN. DOUGLAS MacARTHUR'S HEADQUARTERS, New Guinea, Oct. 4.—A crippling aerial blow against Japan's 3,000,000 barrel fuel and oil storage center at Balikpapan, Borneo, was revealed today by Gen. Douglas MacArthur.

Over 60 huge Liberator bombers, operating from new bases established by the U. S. advance across Pacific waters, smashed storage installations and kindled huge fires at Balikpapan in a raid which hurled 74 tons of high explosives at the vital Jap target.

Most Lucrative Target  
Referring to the Balikpapan storage depot as Japan's "most lucrative strategic target in the Pacific," Gen. MacArthur's communiqué added:

"The destruction of this target curtails drastically and immediately the enemy's capacity to wage air and naval war and to move essential cargo."

Some 30 Jap fighters attempted to intercept the Allied bomber formations. Seven Jap planes were shot down during the operations and three U. S. planes were lost.

### New Moves In War Against Japan Near

By JOSEPH A. BORS  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 4.—Momentous events were shaping up today in the war to crush Japan as the result of the timely meeting on the west coast between the navy's top-ranking strategists.

What may prove to be one of the most important war conferences to date took place in San Francisco with Admiral Ernest J. King, United States fleet chief and chief of naval operations, his staff and field commanders from the Pacific.

Present at the meeting were Admiral Chester W. Nimitz, Pacific fleet chief, his staff members and

Secretary of the Navy James Forrestal.

The navy merely admitted that the conference was held and gave as reason that it was called to deal with "aspects of the campaign against the Japanese."

However, recent developments in the Pacific indicated that the allies were mapping final plans for mighty new assaults which might carry them into the home stretch in the war to bring the Pacific enemy to his knees as quickly as possible.

Conferences such as this have been held before and they usually have been followed by important moves within a comparatively short time.

U. S. Third Army Battles  
Valiantly In Drive  
Against Metz Fortress

By PIERRE J. HUSS  
(U. S. Staff Correspondent)

WITH THE U. S. THIRD ARMY IN FRANCE, Oct. 4.—American assault forces have seized a large surface portion of Fort Driant, five miles southwest of Metz, headquarters of Lieut. Gen. George S. Patton Jr., said today.

(A spokesman at Gen. Dwight D. Eisenhower's supreme headquarters said that Fort Driant had been captured after a heavy battle yesterday.)

The Americans of the Third Army retained a grip through the night on various top defense points inside the fort, harassed mainly by small arms fire.

Try To Smoke Out Nazis  
The Yanks now are striving to smoke out the Germans by pouring flaming oil into steel gun turrets, including the central top points.

The defenders of Driant apparently are relying on the vault-like steel doors and the possibly fireproof interior sectional chambers to hold off the assault. The hopes of holding out apparently are staked on a counter-attack or heavy flanking fire from adjacent forts to relieve them.

No counter-assault or flanking fire had materialized, however, before 9 a. m. today.

The Americans smashed relentlessly in the effort to blow or burn their way into the deep underground fortifications to come to grips with the enemy inside.

FORMER GOVERNOR  
OF NEW YORK STATE

(International News Service)

NEW YORK, Oct. 4.—Al Smith, who rose from the Fulton Fish Market, on New York's lower east side, to run for the nation's highest office, died today at Rockefeller Institute hospital. He was 70 years old.

Born in New York

The son of Alfred Emanuel and Chatherine Mulvihill Smith, the late ex-governor of New York state was born on December 20, 1873, in the shadow of the Brooklyn bridge, in Manhattan's toughest neighborhood.

Former governor of New York, Mr. Smith had been ill since August 10 and had been in a critical condition for the past week. Last Sunday he received the apostolic benediction from Pope Pius XII and expressions of affection were conveyed to him in a cablegram from Archbishop Francis J. Spellman, now in Vatican City.

Died at 6:20 Today

He had seemed to rally yesterday. Members of his family were permitted to pay him brief visits, and his physician, Dr. Raymond P. Sullivan, had reported "There is a little ray of sunshine now."

But his condition took a turn for the worse after midnight and death came at 6:20 a. m.

"The happy warrior," whose brown derby and gay marching song "The Sidewalks of New York" stirred millions to political battle, long ago had renounced himself from partisan politics and retired to the role of elder statesman.

Ran for Presidency

One-time candidate for president and last Democratic nominee for that high office before Franklin D. Roosevelt, Alfred Emanuel Smith was a direct contrast to his successor.

### Some Conditions On Western Front Favor Forces On Defensive

By MAJOR PAUL C. RABORG  
(Written Especially For International News Service)

NEW YORK, Oct. 4.—A spearhead of General Hodges' 1st American Army has smashed through the Siegfried line in the vicinity of Aachen, at the small of Ubach and elements of General Patton's 3rd Army are inside of Fort Driant, a mile-square fortification defending the city of Metz.

The 1st Army has apparently completely pierced the Siegfried line. That in itself is a tremendous accomplishment, regardless of the width of its assaulting front or the depth of its penetration.

Reports from the 1st Army's assault troops say that nothing remains in front of them except tank traps, mine fields, and hastily constructed trenches which were built by the civilian population.

Major Drive Near

The news has intimidated and popular opinion seems to feel that the Allies have or are about to launch a major offensive against Hitler's west wall. However, on Tuesday, headquarters insisted that General Hodges' attack was not of a major size.

Again it is necessary to warn of certain conditions that exist in re-

By J. C. OESTREICHER  
(U. S. Staff Correspondent)

Two of the most ancient citadels of Europe were being invested by American troops today in furtherance of a preparatory drive against Germany's Rhineland which the Nazis clearly warned was merely a portent of gigantic offensives still to come.

Castle Focal Point

The age-old but now modernized Castle Kellenberg north of Aachen was one focal point of attack, while Fort Driant on the outskirts of Metz was another and when these have been taken, the United States' first and third armies will be in position to strike telling ground blows against the rich and powerful industrial and military centers of the Rhine and Ruhr valleys.

Now only 32 miles from Cologne, the Americans battled steadily eastward and on Lieut. Gen. Courtney H. Hodges' first army front north of Aachen already were thru the main defenses of the Siegfried line.

Few Details

Headquarters issued few details of current developments other than to indicate that the current thrust was proceeding satisfactorily despite the obstacles of rain, mud and autumn chill.

But it was apparent that fighting north of Aachen centered around the ancient Castle Kellenberg.

HODGES ARMY  
NEAR OPEN COUNTRY

By KINGSBURY SMITH  
(U. S. Staff Correspondent)

SUPREME HEADQUARTERS, Allied Expeditionary Force, Oct. 4.—Armored and infantry forces of the American First Army, battering their way forward through a gap punched in the Siegfried line, battled eastward today against stubborn Nazi opposition to seize positions 32 miles from the outskirts of Cologne.

An official spokesman at headquarters of Gen. Dwight D. Eisenhower said that the advance through the German line north of Aachen was continuing but moving very slowly.

Yank progress was impeded because the troops commanded by Lieut. Gen. Courtney Hodges had to fight their way through well-fortified terrain where the Germans were strongly entrenched. The American advance was met by heavy artillery and mortar fire from German positions.

Signs are multiplying, the Nazi agency DNB said, that American and British troops "have not given up" their plan to crash through into the Rhine industrial basin.

Recouping Under Way

Extensive regrouping is under way in the Arnhem, Nijmegen and Aachen areas. DNB said, with infantry divisions being taken out of the line and replaced by tank divisions.

The Nazi commentator said: "It is unmistakable that Eisenhower, with the extraordinarily intensive backing of the air force, is bent on unleashing offensives in the area of Arnhem and Nijmegen and further to the south in the area of Aachen."

Extensive regroupings in both these sectors, with infantry divisions being taken out of the line and replaced by tank divisions, are clear pointers to coming events."

Berlin reported that in the triangle bounded by Arnhem, Nijmegen and S. Hertogenbosch, four infantry divisions, two to three tank divisions and three airborne divisions of the British Second Army now are assembled.

Move Toward Open Country

After occupying Ubach, two miles inside Germany and three miles south of Gellenkirchen, Gen. Hodges' troops pressed eastward toward open country where the Nazis have hastily erected new defenses beyond the Siegfried line and mined the area.

Below Ubach, other units of the First Army advanced against heavy (Continued on Page Two)

Ship Hits Mine

Report 33 Lost

PEARL HARBOR, Oct. 4.—(INS)—Thirty-three army men were listed as missing today as the result of a mine explosion which damaged the Liberty ship Elhiu Thompson in an undischased south Pacific port Sept. 25.

Pacific fleet headquarters announced that the Thompson, operated by the War Shipping Administration and chartered by the navy, struck a mine while entering the harbor.

Twenty-two of the casualties were reported missing and 11 were listed as killed. There were no casualties among naval or merchant marine personnel aboard the vessel.

Survivors were removed by patrol craft and the ship's own boats while a navy salvage unit took the battered Thompson in tow and beached her. Survey of the damage showed the vessel could be repaired and restored to service.

Not a single plane was lost in the night forays.

LONDON, Oct. 4.—(INS)—Fighting in the embattled French port of Dunkerque was halted at 6 a. m. today under terms of a truce to facilitate evacuation of civilians.

A Reuters correspondent with Canadian troops attacking Dunkerque said the truce went into effect at 6 a. m. and will last 48 hours.

The arrangement of a truce with the German garrison defending Dunkerque, reported previously by the DNB agency, was similar to that under which civilians were removed from Calais. Once civilians were removed from Calais a terrific bombardment forced the Germans there to capitulate within a few hours.

## State Election Interest Grows

Apathy Of Wartime Years Seems To Be Disappearing This Fall

By JOHN PAGET  
(U.S. Staff Correspondent)

HARRISBURG, Oct. 4.—The wartime apathy cloaking elections for the past five years has been shaken off by Pennsylvanians, and 1944 presidential returns promise to outstrip the vote registered in the state four years ago. Republican and Democratic leaders reported today that the registration campaigns of both parties were expected to push the total number of potential voters over the 5,000,000 mark for the first time in the commonwealth's history.

Republicans, realizing the election of Gov. Thomas E. Dewey may hinge on the outcome in Pennsylvania, were understood to be planning to bring the G. O. P. presidential nominee into the Keystone state again for a major address before election day.

Republican State Chairman M. Harvey Taylor said the wartime apathy most political leaders expected to surround this campaign has been dispelled as the result of an awakening of voters to the vital issues at stake in the election.

J. Warren Mickle, secretary of the Democratic state committee, gave credit for the aroused political interest to the initial speech by President Roosevelt in his fourth term campaign as well as to Dewey's nationwide tour.

"Both Democratic and Republican registrations have increased in the last 10 days," Mickle declared. "Dewey's tour has helped and newspapers are playing war news and politics equally. That helps arouse interest."

## Coroner's Sister Called By Death

Coroner and Mrs. T. F. Nugent of Grant street filed Tuesday for Belmont, Mass., called Tuesday by the death of Mrs. Julia Hinkley, 50, a sister of the coroner. Mrs. Hinkley died on Tuesday, October 3rd in her home in Belmont, Mass.

high spot of frantic Nazi party efforts to whip up resistance behind the fighting lines.

At the same time, Doughboys grumbled and "cussed out" the "dumb Heines" who "know they are licked but are making us miserable and hurting some of our friends."

**Maintain Artillery Barrage**

The Nazis' tactics, coupled with their robot bomb attacks on London, are rapidly cooking the goose of Germany's future, in the opinion of many of the troops who have slugged through this section of the Siegfried line.

Despite the poor quality of the German troops—real sad sacks, if ever there were any—they are maintaining a heavy artillery barrage and, what is really sad, are killing and wounding some of our boys before surrendering. It is this fact which has touched off ill feeling among the American infantrymen.

Still under hold-or-die orders, the Nazi forces attempted three counter-attacks early this morning in various sectors of this breakthrough area. They were small, involving about 200 men in each.

There was one south of Rimburg at 4 a. m., one east of Ubach about 5 a. m., and another northeast of Palenborg about 7 a. m. Each was turned back by artillery fire and the assaults lacked skill and determination.

gard to Germany's western front. Aachen is far to the west of the Rhine though it is on a fairly open route to Cologne. However, the Rhine is as formidable a natural defense system as could be found.

There is much water between Allied troops and German front line positions in Holland. Nevertheless, that is the best route of attack to Berlin.

Metz is in the mountains and backed up by mountains. It is a fortress city surrounded by a network of canals.

**Most Difficult Terrain**

The Belfort pass leads into the Vosges mountains which are probably the most difficult battle terrain in western Europe.

The Allies are gambling against the weather. Snow has already fallen in the Vosges mountains and considerable rain has deluged the earth to the north.

At about the time of the mobilization of our armed forces, an experimental motorized infantry division at Fort Sam Houston was given extensive tests as to its ability to travel through the worst degree of Texas mud. The worst mud in Texas mud is as bad as can be found anywhere in the world.

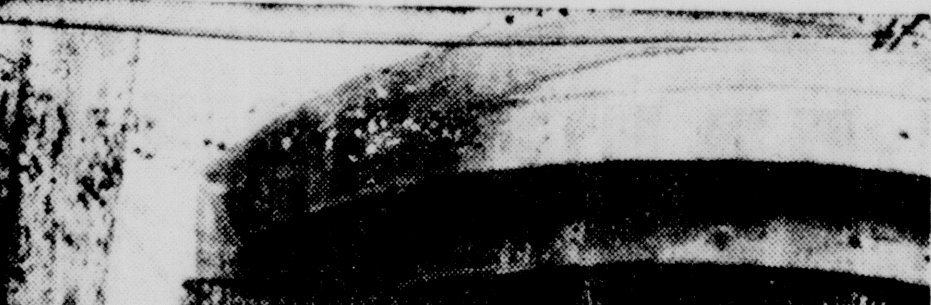

The results of those tests demonstrated the division could move, but at a speed no faster than foot troops with horse-drawn transport, and in many cases the rate was even slower.

At the time the United States entered World War Two it was a generally accepted fact that the British and the United States armies were totally motorized and mechanized. They had almost completely abandoned animals. It is a natural assumption that the same conditions exist today in Europe. If it does, can the Allies armies in western Europe successfully continue offensive action, at anything more than a snail's rate against Hitler's west wall during bad weather?

Your author is too prejudiced in favor of animal transport and horse cavalry to venture an opinion. The next six weeks will give the answer to all of us.

German resistance. Gains were scored in the vicinity of Meckstein and north of Keikrade.

South of Aachen, where the first breach in the Siegfried line was made by the First Army, the battle was marked by intense tank and mortar fire.

Small German counter-attacks west of Hutenen were repulsed by the Americans at three points.

In southeastern Luxembourg other American forces gained control of high ground west of Echternach and Grovenmacher.

**Captures Fort Briant**

Lieut. Gen. George S. Patton's Third Army on the front southward in France captured Fort Briant, five miles southwest of Metz, the French city of Metz and a key German defense position, after a fierce battle.

The Third Army also captured high ground in the vicinity of Mazières Les Metz, northwest of Metz.

East of Nancy Gen. Patton's troops gained more than a mile in the continued battle of the Parrot forest.

A German counter-attack in the vicinity on Angellmont, five miles southwest of Baccarat, was repulsed.

**Libertates Villages**

Several villages northeast of Epinal, including Grandvillers, Devemont and Le Panges, were taken, and further south the Seventh Army scored limited progress against stubborn resistance and counter-attacks in the Belfort area.

Britain's Second Army in the Netherlands liberated the villages of Wamel and Dremmel, between the Maas (Meuse) and Waal rivers.

A German counter-attack in the area of Overloon, Holland, which was captured by unidentified American forces, was repulsed at a cost to the enemy of 50 per cent of his effective.

The capture of Wamel and Dremmel enabled the Allies to extend the corridor through the Netherlands to just south of Tiel, 17 miles west of Nijmegen.

Allied forces advancing north or the Antwerp-Turnhout canal reached a point about eight miles north of the Antwerp-Breda road.

North of Turnhout the town of Baarle Nassau was occupied, and east of Turnhout the Allies moved into the village of Reusel.

**Acid Indigestion**

Relieved in 5 minutes or double your money back

When you suffer from acid indigestion, heartburn, gas, bloating, sour stomach and flatulence, you know you need the relief that only comes from the use of the famous "Acid Indigestion" remedy. It is the only remedy that gives you instant relief. It is the only remedy that is safe for all ages. It is the only remedy that is guaranteed to give you relief in 5 minutes or double your money back.

**Expect Indictments For Violations Of Anti-Strike Laws**

PHILADELPHIA, Oct. 4.—(INS)—A number of indictments for violations of the Smith-Connally anti-strike act are expected to be handed down today by the special federal grand jury which probed the six-day traction tieup in Philadelphia.

Special Assistant Attorney General Henry A. Schweinhaut, heading the investigation, said the panel would report today, but declined to indicate what the jury's action would be.

The jurors heard more than 100 witnesses during their sessions, which began August 9, a few days after the Army took over the Philadelphia Transportation company whose vehicles were halted by the alleged anti-negro strike.

**Chances 50-50 On War's End In '44**

LONDON, Oct. 5.—(INS)—Chances that the war in Europe will end this year now are slightly less than 50-50, according to military opinion in London today.

The weather is seen as a fateful factor. If victory is to be attained this year it is believed the Allies must win the battle of the Rhine before the end of October.

**Bomber Formations Appear Over Austria**

NEW YORK, Oct. 4.—(INS)—The presence of "weak bomber formations" over southern Syria and the Austrian Tyrol was reported today by the German radio, the FCC said.

**Another Strike Starts In Detroit**

DETROIT, Oct. 4.—(INS)—Nearly 40,000 workers were idle in the Detroit area today as a strike of maintenance men gained momentum and hit the Ford Motor company's Willow Run bomber plant, the Chrysler Corporation's Jefferson avenue plant, the DeSoto Wyoming plant and the Briggs Manufacturing company.

**SOLDIERS SALVAGING MUCH PRECIOUS METAL**

FORT WARREN, Wyo.—(INS)—Men from Fort Warren are spending September in the rugged terrain of Summit County, Colo., salvaging scrap steel and cast iron from abandoned Colorado mining camps.

The men are putting to use what they have learned about salvaging wrecked equipment under battlefield conditions and their findings will be turned over to the Summit County Salvage committee.

**SPECIAL MEETING FOR NURSES AIDES**

**Jap Command In Pacific Area Faces Shakeup**

NEW YORK, Oct. 4.—(INS)—Possibility of a change in the entire Japanese Pacific command was reported today by Blue Network Correspondent Clete Roberts, attached to Gen. MacArthur's headquarters.

In a broadcast from MacArthur's advance base, Roberts said, "I have heard that the Japanese plan a complete change of command."

Elaborating on his statement, Roberts said he believed the change would be made because of recent apparent disorganization in the command. He pointed to lack of Jap air resistance to long American aerial sweeps over enemy-held territory as one evidence of the enemy's apparent loss of organization.

At a late hour a lunch was served in the dining room by the social committee. Mrs. Elia Phillips, Mrs. Thelma Phillips, Mrs. Adria Wood, and Mrs. Rose King. Door trophy was won by Mrs. Stella Fisher.

Next meeting will be October 10 in the lodge rooms.

## EDMONDSON RECITAL FOR A. B. D. SOCIETY

Members and guests of the A.B.D. society of the First Presbyterian church had the pleasure of hearing an organ recital by Garth Edmondson at the church on Tuesday evening.

The candlelight recital of Mr. Edmondson was a program of his own arrangements and compositions. First two numbers on the program were his arrangements of Bach's Prelude in E Minor and "Epiphany," "Passacaglia," and "Pax Vobiscum," all compositions of his own, made up the second group of the program. Three contrapuntal preludes, "A Mighty Fortress," "Now Woods and Fields" and "Toccata on a 16th Century Tune," brought the program to a close.

Preceding the recital Miss Helen Maxwell gave a short biography of Mr. Edmondson, who has been selected by the American Guild of Organists as the most popular American composer, one of the many honors he has been accorded.

Hostesses for the evening were Mrs. H. L. Gormley, Mrs. Ralph Hoffman, Mrs. C. D. Keagy, Mrs. Anna Wagner and Miss Virginia Weinschenk.

## NATIONAL BUSINESS WOMEN'S WEEK PLAN

During the week of October 8-14, 80,000 members of the 1700 Business and Professional Women's clubs in 48 states, District of Columbia, Alaska and Hawaii, affiliated with the National Federation of B. P. W. clubs will observe National Business Women's week.

New Castle B. P. W. club is one of the 1700 clubs which will participate in the federation's program for the year, "Toward Victory and Beyond." "Are We Part-Time Citizens?" will be the related theme for National Business Women's Week in this presidential year.

Focus of National Business Women's Week this year is to emphasize women's responsibility as citizens. B. P. W. members here and throughout the nation will undertake to see that women go to the polls in impressive numbers on Election Day. Many clubs will highlight the week's program with a "Get-Out-the-Vote" campaign.

Beginning October 8, clubs will observe National Business Women's Week for the seventeenth year, an observance which serves to dramatize the contribution of business and professional women to the social, economic, and political life of the nation.

In July the National B. P. W. Federation celebrated its twenty-fifth birthday. It was formed in 1919 at the suggestion of the National Board of the Young Women's Christian Association to fill what the board felt was a need for such a group to act as clearing house for the business and professional women whom World War I had drawn from their homes in increasing numbers.

In 1920 the New Castle Business and Professional Women's club took its present name and joined the national federation.

Through the work of committees on education, health, international relations, legislation, music, social service, and public affairs, New Castle B. P. W. club fosters an active interest in community welfare and national, and international affairs.

TO AMERICAN WOMEN ASKING—

# "Will Defeat of Germany Lessen the Need for Saving Used Fats?"

—THE GOVERNMENT ANSWERS "NO!"

LEE MARSHALL

ON THE contrary, Mrs. America, the need for saving used cooking fats will be as great or greater than ever.

Victory over Germany still leaves the Japs in possession of the Dutch East Indies, the Philippines and Malaya—countries from which we formerly imported about one billion pounds of fats and oils each year.

Even victory over Japan will not ease the situation immediately. Not for a year or more can these areas be brought back to pre-war production levels.

In the meantime, the need for your used fats will be as acute as ever for these reasons:

- 1 Even after European victory, we still have Japan to beat. Vast supplies of ammunition, medicines, parachutes, rubber boots, soaps and other battlefield essentials must keep on going to our fighting men in a steady stream. These all require fats to make.
- 2 We must help in the rehabilitation of liberated countries, such as Greece, Norway and the Netherlands, with medicines, machinery, etc.
- 3 Many factories now producing for war will turn to manufacturing the civilian goods we need so urgently. These factories will consume vast quantities of industrial fats.

For every pound of used fat, your butcher will give you 4¢ and two free red points! Keep on saving every drop.

## German Refugee Speaks Concerning Future Of Germany

Dr. Ferdinand Gowa Gives Background Of German Race In Addressing Lions Club

Dr. Ferdinand Gowa of Pittsburgh, a German citizen who left that country several years ago to establish his residence in the United States, addressed the Lions club at its noon luncheon meeting in The Castleton Tuesday.

Dr. Gowa spoke on the subject "The Future of Germany." He outlined the main characteristics of the German people, stating that they were taught to obey their rulers implicitly. The people of the United States take their liberty for granted, and are free to criticize the president and any member of his cabinet, but that in Germany this has never been permitted.

He is also taught to be methodical and to plan things, and has been taught down through the ages that militarism is uplifting. The average German likes to fight, both physically and spiritually.

He has also been taught that he has been under attack for some time, so that he feels he is held in bondage in Germany by a barrier placed around his country.

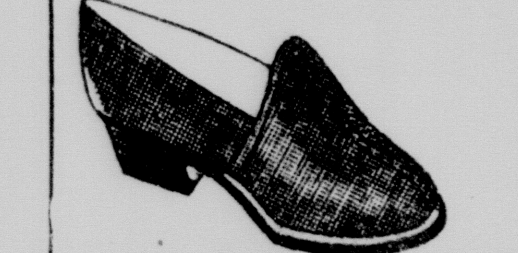

He stated that in his opinion it will be a difficult problem to teach a new kind of philosophy to the German people, but believes that they will be ready to accept anything offered them in the post-war world which looks good to them. He said he believes it would only cause further trouble to try and destroy Germany as a nation. He must be convinced that the democratic way of life is something better for him. He felt the rest of the world should go the way of construction rather than destruction for Germany at the war's end.

The club voted to cooperate with other civic clubs in planning a Christmas party for the men at DeShon annex.

## Pvt. C. E. Rugh Is Killed In Action

Ellwood Artilleryman Loses Life In Action In France: Also In Other Campaigns

According to word received by John S. Rugh of R. D. 1, Ellwood City from the war department at Washington, D. C., his son, Pvt. Charles E. Rugh, age 23, was killed on September 7, 1944, somewhere in France. He was attached to the coast artillery.

Pvt. Rugh enlisted in New Castle on December 26, 1939, and had been overseas since February, 1943. He was also in the North African, Sicilian and Italian campaigns.

He was born in Portersville, R. F. D., and attended Portersville and Princeton schools.

Pvt. Rugh is survived by his father, two brothers, Fred P. and William H. of New Castle, and two sisters, Mrs. Robert Williams of R. D. 1, Ellwood City, and Mrs. Frances Breneman of Detroit, Mich.

The last letter received from the late Pvt. Rugh was by his sister, Mrs. Williams, on September 18, dated September 6.

Pvt. Rugh's mother died during his childhood.

## 'Go To Church' Night Is Planned For Pomona Grange

Sunday evening, October 8, will be annual "Go To Church" night for Lawrence County Pomona Grange. The service will be held at 8 o'clock in the Third U. P. church, East Washington street, New Castle.

Rev. C. R. Thayer will preach the sermon. Anthem music will be sung by the prize-winning ladies' quartet from Plaingrove.

An unusually large attendance of grangers is anticipated at this annual service.

## THE WORLD AND THE MUD PUDDLES

(Continued From Page Four)

den conversion of thousands of public schools into training schools for defense work was an open confession of mere scholastic education's failure.

Boys and girls from fourteen to twenty—who seem to be the crux of the delinquency problem—are not going to be greatly interested in playgrounds and recreation centers, nor in group or community culture clubs. The worse their home conditions, the greater their need of the real interest in life which comes from working and earning.

We may not be able to reform the parents or remake the homes. But we may be able to afford our youth an opportunity to keep themselves busy at something worth while.

## Executives Club Speaker Changed

Wallace Duell, Original Choice For Opening Meeting Has Been Ordered To Europe

Announcement was made today by President James A. Rugh of the Executives club that a change has been made necessary in the speaker for the first meeting of the club, due to the fact that Wallace Duell, war correspondent, who had spent six years in Germany prior to the war, has been assigned to Europe immediately by the state department.

The club has secured in his stead Ray Brock, New York Times war correspondent, who has just returned from the European theater.

In order not to conflict with the first engagement of the Metropolitan Concert Guild, which will have its first concert on October 24, the original date of the Executives club has been changed to Saturday evening, October 28.

Benjamin Harris, the first American newspaper editor, was jailed in England in 1679 for publishing a pamphlet offensive to the government.

## More Atrocities By Nazis Uncovered

Report 22 French Young Men Executed By Machine Guns, Bodies Buried

ON THE SWISS FRONTIER, Oct. 4.—(INS)—German troops have shot and killed more of the male population of the hamlet of Villars-Sous-Écluse near Montbéliard about 10 miles from Belfort, a border report from responsible sources said today.

The report states that on September 18th the Germans rounded up a group of 22, including boys of 17, 16, and even 15, marched them up to Montbéliard and lined them up against a bomb crater in the Grand Jardin near the railway station.

There the Frenchmen were told by a German lieutenant colonel that they had been sentenced to death. Hardly had he finished speaking than machineguns opened fire.

The bodies were thrown into the bomb crater and covered with a little earth.

The lieutenant colonel commanding Montbéliard and the local gendarme chief asserted that the victims possessed British and American flags and planned to join the Allies.

An official report dated September 21st, bearing the stamp of the Wehrmacht, however, stated that these 22 men had been found hiding in a cellar and made no mention of arms or resistance.

The remaining population of Villars-Sous-Écluse, consisting of women, children and 10 old men, are stated to have disappeared and their fate is not known.

The New England Courier was founded in Boston in 1721. An early issue stated that its chief aim was "to oppose the doubtful and dangerous practice of inoculating for Small Pox."

## Report Early To Protect Children

First ward day turn police report earlier now in order to afford better protection to children attending St. Mary's Parochial school. They were ordered to report earlier by Police Chief Robert D. Hanna. Other school children in the city are also protected by police, armed with authority, at all crossings near schools.

## Borneo Attack On Jap Oil Is Great Success

By LEE VAN ATTA  
(U.S. Staff Correspondent)

WITH THE FIFTH AIR FORCE, Dutch New Guinea, Sept. 30—(Delayed)—Flying one of the longest massed heavy bombardment missions in the history of southern Pacific operations, more than 60 Liberators of the fifth air force, based at Balikpapan, key enemy oil storage base in northern Borneo, just about dawn today.

With units of the 13th bomber command participating in the attack, hampered by adverse weather over the target area, the raiders landed their 74 tons of high explosives directly upon the target. Returning pilots reported sighting huge fires through holes in the cloud cover which shrouded the vital Jap target.

Today's mission scored at least some tactical surprise over the Japs. For the first time in heavy bombardment operations in this theater of war an "all out" attack was launched at night from a forward base. The heavy bombers deviated from their routine of hitting targets late in the forenoon and socked the Japs as they were sitting down to breakfast.

The attack formations flew their line route through bad weather, kicking headwinds of over 30 miles per hour as a great hurricane raged 1,000 miles to the north, near Guam, brought storm throughout the area.

One of the big bombers was shot down over the target by Jap fire. Six crewmen parachuted from the falling Liberator and fellow pilots reported that Jap interceptors strafed the American fliers repeatedly as they floated earthward. The fate of the six men is unknown.

The axolotl is one of several species of larval salamanders. They inhabit certain lakes of Mexico and the Rocky mountain region of the U. S. Their eggs resemble frog eggs, being laid in strings formed by viscous covering and attached to water plants. They hatch in two or three weeks.

## Wolves Club Will Observe Penn Day

Special Program Planned For Tuesday, October 17, At the Castleton, plans were made to observe William Penn day, on Tuesday, October 17.

A special program has been arranged and speaker on this occasion will be Attorney Joseph Leta, who will talk on the "Life of William Penn."

Guests of honor at this program-dinner will be six service men from the Deshon hospital in Butler. President Paul Fialla announced the cooperation of the Wolves club with other civic organization for the grand Christmas party to be given for the Deshon annex. Mr. Leta gave the report for the Christmas party.

Afterwards the bowling league got underway.

## Former War Prisoner Home On Furlough

Staff Sgt. Paul R. Johnson, waist gunner on a bomber, is on furlough for thirty days, visiting with his father, George Johnson, and family, of Bessemer. He was stationed in Italy.

Sgt. Johnson has been awarded the Purple Heart decoration, the Air Medal, the Distinguished Flying Cross, and Good Conduct medal, and his group received the President's Citation.

Paul was wounded in May, and reported missing June 11. In July he was reported to be a prisoner of war in Roumania, and was later released, when Roumania capitulated, and joined the Allies.

After concluding his furlough he reports at Allentown, Pa., where he will be reassigned.

## HAS INFANTILE PARALYSIS

Patricia Bevan, age 13, of 428 Laurel avenue, has been reported by the city health department to have infantile paralysis. The house has been quarantined. This is the sixth case reported here within the last several months.

## Bags 500 Nazis

IN A STRANGE TALE OF THE war, Lt. David Stanley Crockett of Indianapolis (Davey Crockett to his pals), accepted the surrender of 500 Germans after he had been taken prisoner by them after being out of his Navy carrier-based Grumman Hellcat in southern France. Crockett, with 23 other prisoners of war, underwent an Allied bombing at the Toulon arsenal and then, after it was over, the Nazi commander of the arsenal summoned him to his quarters, unstrapped his gun and said that he was surrendering and ordering his men to do so, too.

Crockett accepted the surrender of French Forces of the Interior and marched the 500 Germans away. (International)

## Training Course For Girl Scout Council

Twelve members of the Girl Scout council met in the Girl Scout office Tuesday evening to hear the report of Mrs. Harry Whittich on the council training course at Camp Mack which she attended this summer.

For the next four or five meetings, Mrs. Whittich will relay this council training to the members of the local council who were unable to take the summer course. Council also was told that work will soon begin on the road to the Girl Scout camp site near Slippery Rock.

Mrs. J. B. Hurst and Mrs. G. S. Bennett were appointed hostesses for the next meeting of the Girl Scout Leaders' Association.

## BREAK STREET LIGHT

Police headquarters received a report last night that boys had stoned and broken a street light at Sampson street and McCleary avenue. This is considered a serious offense nowadays when material is so difficult to replace and it is reported police propose to push the case if an apprehension can be made.

## Milk Mixture For Stomach Ulcers

A recent medical discovery, now being used by doctors and hospitals everywhere, has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now treat this at home by obtaining a bottle of Lactin from their druggist. Lactin contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Costs but little. Try a bottle. It must satisfy or money refunded. Lactin available at Eckhardt's and Drug Stores everywhere.

## Ministers Meet At First Church

Ministerial Association Hears Historical Society Speaker At Monday Meeting

New Castle Ministerial Association met Monday morning at 10 o'clock at the First Presbyterian church. Rev. Oliver W. Hurst, president, presided.

Devotionals were conducted by Miss Margaret White. Presentation of new ministers followed. Rev. Earl Collins by Rev. Hurst, Rev. Owen Shields by Rev. W. A. Bugbee, Rev. B. E. Downs by Rev. R. B. Withers, Rev. O. G. Shindedecker by Rev. W. W. Gilliland.

Radio committee report of Rev. C. R. Thayer gives the following schedule for the ministerial hour for the coming month: October 8, Rev. G. D. Choice; October 15, Rev. R. B. Withers; October 22, Rev. U. S. Munerlyn; October 29, Rev. A. E. Simon; November 5, Rev. O. G. Shindedecker.

Ray Bates was introduced and told of the "This Is Life" program presented at the Y. W. C. A.

Rev. W. W. Gilliland, program chairman, in his report announced that Mayhew Hall will speak at the next meeting.

Rev. J. C. Murphy reported for the evangelism committee. Endorsement was given to a program of Thanksgiving services in former parts of the city arranged by pastors of the districts. A second recommendation was made that V-Day be observed by each church having an individual evening service and an afternoon union service in the central part of the city.

**Penn. Tercentenary**  
Miss Mary Scherger, of the Lawrence County Historical Society, the speaker of the morning, was introduced by Rev. Gilliland. Her subject was the "Tercentenary of William Penn." Miss Scherger outlined the history of Penn. his relationship to the state, and plans for observance of the three hundredth anniversary of his birth. A resolution of thanks for her talk was unanimously adopted.

Appointed as a committee to make plans for V-Day observance were Dr. G. S. Bennett, Dr. J. J. McIlvaine, and Rev. W. W. Gilliland. The meeting adjourned with prayer by Rev. Thomas J. Jones.

Next meeting will be on the first Monday of November.

## Mrs. Ryhal Hears From Wounded Son

Cpl. Dick Ryhal Has Been In Hospital Twice; Wounded Three Times By Nazi Bullets

In a letter to his parents, Mr. and Mrs. O. A. Ryhal, of 411 Vine street, Cpl. Dick Ryhal has told them a little of the experiences he has gone through recently against the Germans in France.

His letter follows:

"Dear folks: I am trying to write a few lines to let you know my new address.

I had a little tough luck when I was in France. Received a cut on my arm and my head, when my tank turned over. I was out of the hospital in five days, and was back with my outfit a week when I tangled up with a German machine gunner. I was shot three times, but I am still in one piece. I am still in bed and have several broken bones, but I am feeling good and getting the best of care.

There's a chance I might be home for Christmas."

Mrs. Ryhal also received a letter from the War Department Tuesday, stating that her son is improving normally, but she does not know where he is located.

## Pvt. Lou DeMarc Killed In Action

West Pittsburg Soldier Makes Supreme Sacrifice In France; Veteran Of Other Campaigns

Word has been received by Mr. and Mrs. Charles DeMarc, Sr., of West Pittsburg, from the War Department at Washington, D. C., that their son, Private Lou DeMarc, had been killed in action in France, on August 20, 1944. He was 31 years of age.

Private DeMarc had been in the service for two years and four months, and for 21 months overseas.

He had been in action in North Africa, Sicily and Italy, prior to going to France.

Before entering the service, Pvt. DeMarc was employed at the Ford Motor Co. plant, Detroit, Mich.

Pvt. DeMarc is survived by his parents, Mr. and Mrs. Charles DeMarc, Sr., four sisters, Mrs. Rose Prati, of Canton, Ohio; Mrs. Madeline Venditti, of Canton, Ohio; Mrs. Josephine Marinelli, of Detroit; Mrs. Angeline Pennachio, of 1315 South Jefferson street, this city; also four brothers, Pete DeMarc, of Detroit; Charles DeMarc, Jr., at home; Pvt. Michael DeMarc, of Camp Ellis, Ill., and Pfc. George DeMarc, recently reported wounded in action, and now back in action in France.

## Sgt. J. O'Laughlin Killed In Action

New Castle Paratrooper Makes Supreme Sacrifice In Holland War Area

Word has been received by Mrs. Helen O'Laughlin, of 662 East Washington street, from the war department at Washington, D. C., that her husband, Sgt. James F. O'Laughlin, aged 20 years, was killed in action on September 20, 1944, in Holland.

Sgt. O'Laughlin was the son of Mrs. Ruby O'Laughlin of 116 North Walnut street.

He entered the service on June 18, 1940, and served in the infantry corps at Fort Benning, Ga., until September 28, 1942, when he was transferred to the paratroops, and after receiving his wings was transferred to Fort Bragg, N. C.

Sgt. O'Laughlin landed in England September 1, 1943, and later took part in the invasion of Normandy, France. Some time after the invasion he was sent to England where he remained until he was sent to join the armed forces going into Holland.

Mrs. O'Laughlin was formerly Miss Helen Swartzlander.

## Studied Secrecy On Peace Plans Charge Is Made

PHILADELPHIA, Oct. 4.—(INS)—President Roosevelt was accused today by Justice Howard W. Hughes, Republican candidate for a 21-year term on the state supreme court, of "studied secrecy" in withholding information concerning America's peace aims.

"If the system of free government is to prevail in the postwar world, Americans, as well as the people of other nations, should be informed of any progress we are making along this line," the jurist said in a statement issued at Philadelphia in the midst of a campaign tour.

"The policies of this country by reason of Mr. Roosevelt's studied secrecy, are still clouded by vague diplomacy," Hughes added.

# How is the Harvest coming?

To help our many customer-friends and distributors, we make this second Del Monte report on canned fruit and vegetable prospects

In just the last few weeks—since we last reported to you on canned fruit and vegetable prospects—three important things have happened:

—the War Food Administration has increased percentages of several items to be set aside for military use.

—weather has definitely cut down a number of pack estimates.

—the manpower situation has become more difficult.

That is why Del Monte, as the leading canner of fruits and vegetables, is continuing to issue this wartime series of reports. During this emergency, all of us must work together. Only with knowledge of what lies ahead can any housewife intelligently plan her shopping or understand the problems facing her grocer.

## Fruit Situation Tight

Peaches are a good example of what can happen to a canning crop. Prospects were good for a bumper yield of fresh peaches in California, when stretches of extremely hot weather matured the fruit so fast that canneries could not handle the full crop with available manpower.

This cut down the whole industry's pack. Though we had hoped to do better, it now looks as if the total national pack this year will be only about average, or slightly over average at best.

A month ago, the industry knew the government's requirements for canned peaches would be very heavy. Since then, the Quartermaster's Department has upped its quotas still further. This means that supplies for civilians will be materially less than last year.

On pears, while the pack turned out better than early estimates and will probably exceed last year's, government needs are larger also, and the amount of canned pears on your grocer's shelves will be very small.

The industry hopes to "put up" slightly more fruit cocktail than last year but quotas for our fighters have also grown—so again, it means less of this popular fruit at your grocer's.

Del Monte Pineapple and Pineapple Juice will be still scarcer than last year. Pineapple is a two-year crop. The drought of 1943 meant that we were not able to pack a normal amount in 1944—in spite of a favorable ripening season. Military requirements have also been increased.

The good news in the fruit picture is apricots. A bumper crop resulted in the largest pack on record. Though military wants are twice as great as in 1943, you can expect as many Del Monte Apricots as you ever did.

In total, fruits will be available to civilians in very limited quantities.

## Total Civilian Vegetable Supply About 20% Less

On vegetables—as on fruits—remember that we are telling the story of total supply and what is likely to happen on the home front if present military demands continue.

However, this picture could radically change on vegetables if the government reduced quotas out of this year's pack, or released substantial quantities from reserves.

In our last report, we estimated that the industry's pack of canned peas would be less. Now we know the amount available for civilians will be about a fifth less than last year.

The government quota on corn has not increased. But the total crop was smaller and the supply for civilians will be considerably less than last year.

Asparagus production slightly exceeded last year. Military needs also increased, so the civilian supply is approximately the same as last season. It is expected that the supply of green beans will be slightly less.

We had hoped to have good news on beets and carrots. But the armed forces asked the industry to supply them with three times as many carrots as last year, and twice as many beets. So even if packers succeed in producing a much larger volume, civilians won't see as many as last year.

The canned tomato pack will not be

completed before the end of October. However, it now appears that it will be less than last year. Consequently the amount available for home consumption will be materially less because the government has almost doubled its requirements.

On the whole, the civilian supply of canned vegetables apparently will be about one-fifth less than last year, barring reduction in government quotas or release from its reserves.

But whatever Del Monte Products are available, you should be able to get your share of them.

As we said before, Del Monte Foods will be apportioned to distributors throughout the country on a fair and square basis. This has been our policy ever since the war began.

Del Monte deliveries are also spread throughout the year, so you can usually expect to find at least some varieties of Del Monte Fruits and Vegetables at your grocer's.

You have a right to your share of these Del Monte Foods, so don't hesitate to ask for them. If you can't find just the one you want, you may still find some other Del Monte variety that will serve your purpose.

That's one advantage of learning how to "switch and swap" within the Del Monte line. Del Monte packs so many different products, that no matter which varieties happen to be short, you can choose any other Del Monte Food your grocer has and always be sure of the same quality and flavor.

## Your Grocer's Troubles Aren't Over

You can easily see, too, that all your grocer's problems are not solved. Remember that a leading brand like Del Monte is always the first to be taken from his shelves. Don't blame him for shortages and inconveniences.

Your cooperation is still needed to help everyone in the food industry do a better job for you and for the servicemen fighting for you.

### POTTER PAYS OFF

Orville Potter, register, and recorder is now square with a fifty franc debt he incurred in France in 1919.

He was short of money one afternoon, as most soldiers are at times, and borrowed fifty francs from another G. I. named Frank R. Wilson who was in the same outfit.

Potter and Wilson were sent back to the United States later in 1919, but Wilson was still out his fifty francs.

Potter came back to New Castle. Wilson entered a theological seminary, became an Episcopalian minister and at the time the present war broke out was the rector of President Roosevelt's church in Hyde Park, N. Y.

Recently Attorney Kenneth Mc-

Lure now in the Navy in France, wrote Mr. Potter saying he had met Chaplain Frank R. Wilson who said he wanted to be remembered to his old buddy. Mr. Potter wrote back to Mr. Wilson enclosing a fifty franc note he had received from a friend that he gave it to the chaplain. No interest was added.

The chaplain wrote back, enclosing the fifty franc note and said the debt was outlawed and anyhow the fifty franc note wasn't worth near as much as the one he lent Potter in 1919. And so the 25 year old debt is cancelled and Potter has his fifty franc note back.

## Navy Chiefs In Pacific Confer

Strategy Conference Held On Coast, Deals With Aspect Of War Of Japanese

By JOSEPH A. BORS  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 4.—(INS)—The commander-in-chief of the United States fleet and his high ranking admirals have concluded another strategy conference at San Francisco which the Navy said Tuesday dealt with "aspects of the campaign against the Japanese."

The conference was called by Admiral Ernest J. King, chief of the fleet, and was attended by Admiral Chester W. Nimitz, Pacific fleet commander, and other high ranking officers.

The meeting foreshadowed intensification of the drive against the Japanese at a time when Allied forces were poised on the doorstep of the Philippines for an anticipated invasion of that archipelago.

Also present was Secretary of the Navy James V. Forrestal.

Others who participated were Vice Admiral C. M. Cooke, Jr., King's chief of staff; Vice Admiral Aubrey W. Fitch, deputy chief of naval operations for air, and Vice Admiral Randall Jacobs, chief of naval personnel.

### No Details Given

Details of the strategy meeting were not given beyond the fact that it concerned the current and anticipated all out drive against the Japs in the Far East.

With Nimitz and other Pacific fleet staff officers was Admiral Raymond A. Spruance, commander of the 5th fleet.

Not present was Admiral William F. Halsey, Jr., commander of the 3rd fleet, who has been directing the naval support for the campaigns in the Palau and Halmahera island groups.

The conference was held at the headquarters of Vice Admiral D. W. Bagley, commander of the western sea frontier.

### Ready for Invasion

Such meetings have been held periodically by King on the Pacific coast in Hawaii and in Washington and they usually were followed by new powerful blows against the Japanese along the far-flung Pacific battle line.

Recently Nimitz, in a speech, explained that Allied forces were seizing islands in the Palau group to provide naval and air support for the anticipated invasion of the Philippines by forces under Gen. Douglas MacArthur.

The Japanese radio, meanwhile, has been warning its listeners that the Allies were preparing for invasion of the Philippines. The enemy radio reported that civilians were being evacuated from Davao, principal city on Mindanao, in the southern Philippines.

## Coxswain Zeigler Reaches West Coast; Has Purple Heart

Mr. and Mrs. L. R. Zeigler, of Warren avenue, have received a telegram from their son, Coxswain Glenn H. Zeigler, that he has arrived back on the west coast, after spending twenty days recuperating leave with his parents.

Coxswain Zeigler is aboard a destroyer, on duty in the Pacific. He has been in actions in the Caroline Islands, Marshall Islands and the Mariana Islands. He has been awarded the Purple Heart decoration for wounds sustained in Tiaman Island sea battle.

Glenn has been in the service for two years, one of which was in the Atlantic, and eight months in the Pacific.

He is 21 years of age, and a graduate of New Castle High School class of January 1941. He is getting along nicely now.

## William Loudon Is Wounded In Holland

Union Township Youth Seriously Wounded, Message From War Department States

In a message received today from the War department by his parents, Mr. and Mrs. Frank H. Loudon of R. D. 2, West State street, it was announced that their son, William L. Loudon, aged 31 years, had been seriously wounded while fighting against the Nazis in Holland on September 14.

William has been in service for two years, having been inducted in October, 1942, and has been overseas since February, where he has been fighting with an infantry regiment of one of the crack divisions.

The parents were informed that further information will be sent them on his condition as soon as they are received.

## HEALTH QUIZ

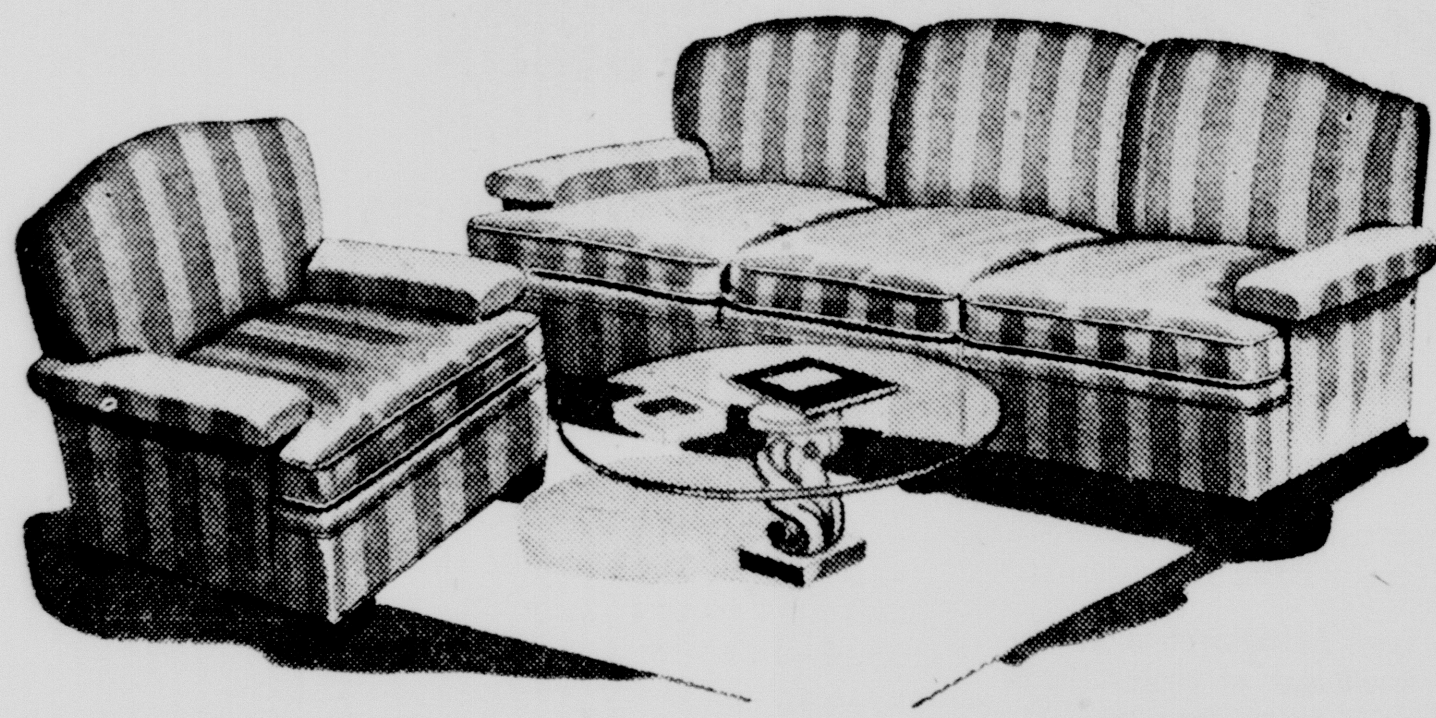

Do you have poor digestion? ☐ YES ☐ NO  
Do you feel headachy after eating? ☐  
Do you get sour or upset easily? ☐  
Do you feel tired—listless? ☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

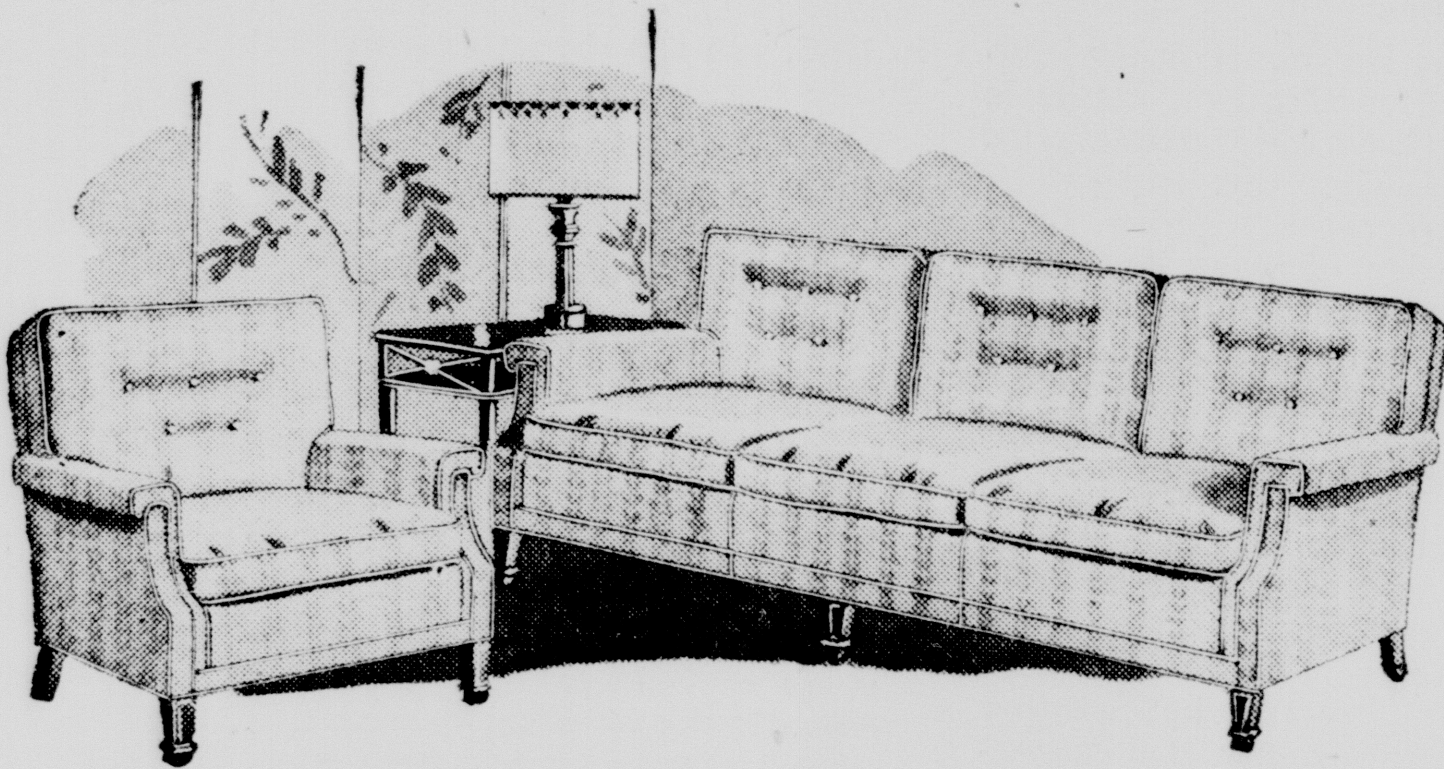

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

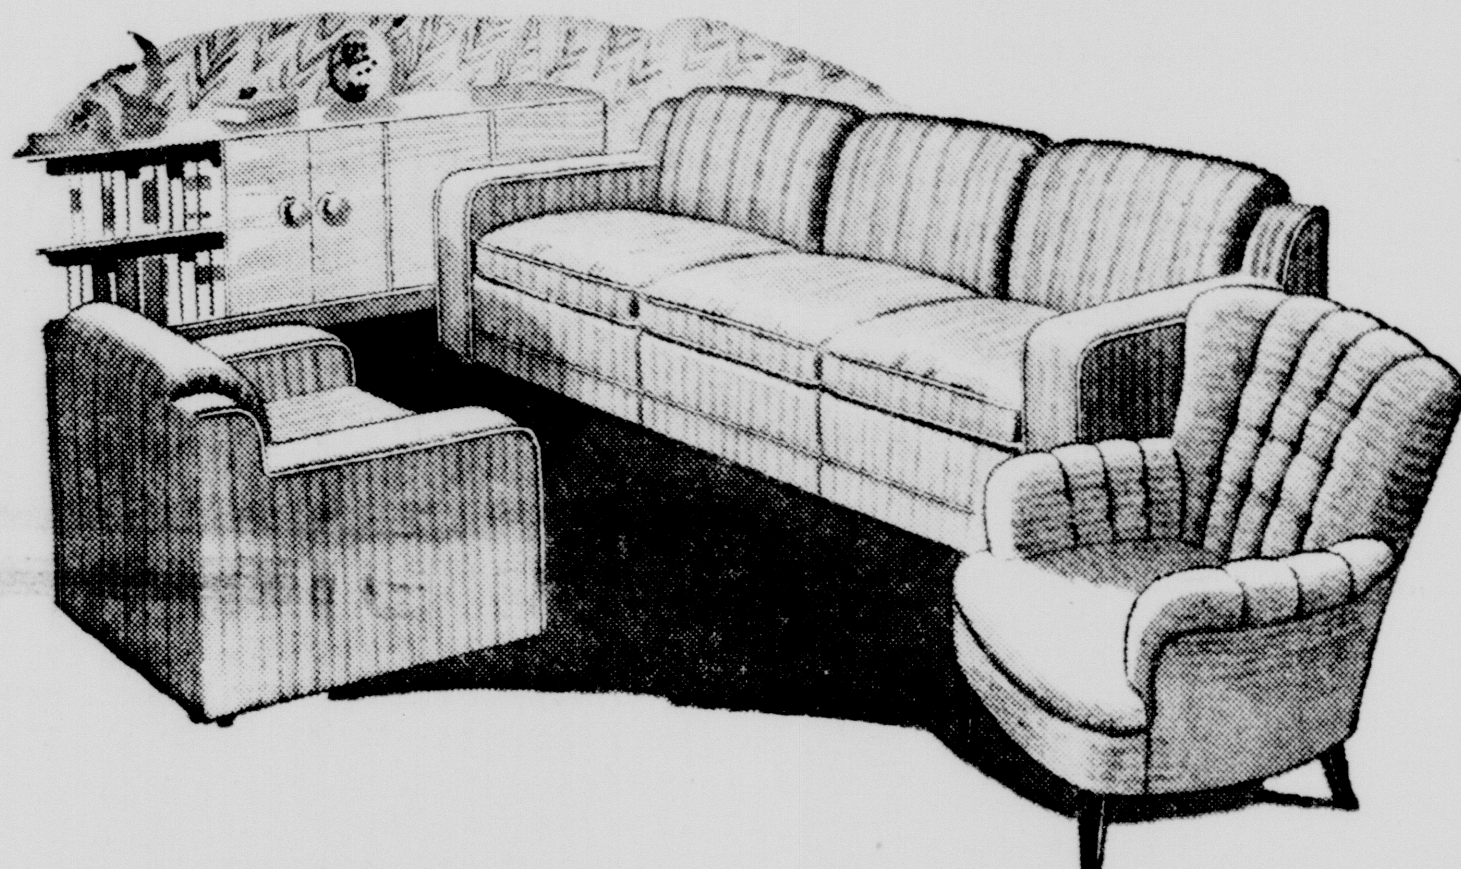

Don't depend on artificial aids to counter indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 20¢.

## Patent Offices Being Swamped

All Kinds Of Gadgets Being Invented For Trade In Post-war Era

WASHINGTON, Oct. 4.—(INS)—Patent applications have taken an upswing as wartime research has progressed, and include everything from a revised pickle fork to a new design for an aircraft carrier.

Patents are being issued at the average rate of 600 per week—with 50,000 pending review—and rejection of a few hundred per week, officials said today.

Some of these devices and inventions are wonderful time-and-work savers, but, "my heaven," exclaimed one official, "you should see some of them!"

Under the heading of household devices are patents for everything from an apparatus for peeling potatoes by remote control to a fish-beheading machine. ## Postwar Tax Plans Given By Gov. Dewey

By LEO W. O'BRIEN

(N. S. Staff Correspondent)

ALBANY, Oct. 4.—Gov. Dewey resumed work on his West Virginia speech today after promising American tax payers that Republican victory will mean simplification of the nation's tax laws and drastic reduction or elimination of many existing levies.

The GOP presidential nominee, in a 15-minute radio address last night from the Albany executive mansion, outlined a tax relief program ranging from a slash in personal income taxes to a scrapping of most of the existing excise taxes.

He charged that the Roosevelt administration has failed to establish a tax policy which encourages business and job-making. Declaring that taxes must be levied sensibly, with "understanding for the human needs of our people," he proposed the following program, to take effect immediately after victory is won:

### Tax Program

A change in personal exemptions so income taxes no longer will be taken from the pay envelopes of persons earning as little as \$11 per week.

Reduction of personal income tax rates to prevent a slowing up of recovery after the war.

Changing and reduction of the income tax on incorporated businesses to the point where it "no longer acts as a drag upon production and a barrier to jobs."

Elimination after the war of the special war-time taxes "which now rise to 95 per cent" and which are "almost confiscation."

Scrapping of all excise taxes, as soon as possible, except those on alcoholic beverages, tobacco and gasoline.

Overhauling of existing tax laws and creation of a simple and generally stable basic tax law.

### Better Program

"It is far better," said Governor Dewey, "to have a low tax rate with a national income of 150 billion dollars, than a high tax rate with a national income of 76 billion dollars, as we had under the New Deal at its peaktime best."

Governor Dewey's talk on taxes, the eighth speech he has made in this campaign, preceded by four days his Saturday night speech at Charleston, W. Va.

## ILLNESS HITS HIGH SCHOOL TEACHERS

Illness struck the teaching staff of senior high school today with a heavy hand over the week-end, according to Principal C. B. Book.

Five members of the high school faculty were ill Monday and today and substitute teachers were not available, Mr. Book said.

1—Promote the flow of vital digestive juices in the stomach  
2—Energize your body with RICH, RED BLOOD!

Improper diet, overwork, undue worries, colds, the flu or other illness often impairs the stomach's digestive functions and reduces the red-blood strength.

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. At such times Nature needs extra help to restore its balance and function properly. Undigested food places a tax on the system. Inefficient blood strength is a detriment to good health.

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, there is no organic complication or food infection. S.S.S. Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient. These two important results enable you to enjoy the food you do eat. To make use of it as Nature intended. Thus you may get new vitality... pep... become animated... more attractive!

Build Sturdy Health and Help America Win

"Thousands and thousands of users have testified to the benefits S.S.S. Tonic has brought to them and scientific research shows that it gets results—that's why so many say 'S.S.S. Tonic builds sturdy health makes you feel like yourself again.' At drug stores in 10 and 20 cent sizes. S.S.S. Co.

## Justice George Maxey Is Honored By Dinner

American Palestine Committee Honors Jurist As State Chairman Of Movement

Chief Justice George W. Maxey, of the Pennsylvania Supreme Court, who recently accepted the post of state chairman of the American Palestine committee, was honored at a dinner in Pittsburgh Tuesday night. Citizens from Allegheny county were joined by those of adjoining counties, including Lawrence, in honoring the jurist and in pledging their support to the Christian movement which has for its goal the aiding in the re-establishment of Palestine as the national home for the Jews.

Leo G. Griffith, a former New Castle man, was the toastmaster of the evening. On the committee sponsoring the dinner were such outstanding Pittsburghers as Hon. Frank J. Harris, Mayor Cornelius D. Scully, Bishop Hugh C. Boyle, Judges Sara M. Soffel, William H. McNaughton, and P. Patterson and a number of others.

Speakers included Dr. Solomon Freehof, of Pittsburgh, Dr. James Heller, of Cincinnati, O., Dean Howard Le Sourd, of Boston, university, Frederick C. McKee, city chairman of Pittsburgh for the American Palestine committee, and Congressman James A. Wright, of Allegheny county.

The work of the committee in Pennsylvania is just getting under way. Under the leadership of Justice Maxey it is expected to expand and to have an active part in the national program. It is a group of non-Jewish Americans who wish to open the gates of Palestine to admit the persecuted Jews of the world and to re-establish Palestine as the national home of the Jews under the terms of the Balfour declaration of 1917, later made a mandate of 52 nations of the world and agreed to by the United States by treaty with Great Britain in 1924.

## Lt. Robert Young Eludes Germans

Local Bombardier Travels 500 Miles Through Nazi-Held Territory To Reach Safety

Lt. Robert C. Young, son of Mr. and Mrs. Frank K. Young, of 1020 Woodland avenue is safe, his parents have learned through a letter received from the local bombardier, missing in the south European theater since July 20.

Lieutenant Young is now at a rest camp, recuperating from his long trek to safety, which covered a distance of 500 miles and required 58 days.

The exact location in which he and the other members of his crew landed has not been disclosed. All were able to make their way through the German lines in safety, however, and some of the other members of the crew have been returned to this country.

Lieutenant Young had put in over 30 missions during six months with the 15th Air Force in the Mediterranean Theater. He has been in service since March, 1941, and trained in the Tank Corps before transferring over to the Air Force, where he had been serving as a bombardier on a Liberator bomber.

## L.C.U.S. To Have Holy Hour Sunday

On Sunday evening at eight o'clock a holy hour will be held in St. Michael's church, sponsored by the Lawrence County Union of Sodality.

A meditation will be given by Rev. Fr. Francis Lesniak, of St. Monica's church, Wampum. Rev. Father William G. Connare, of St. Paul's Cathedral, Pittsburgh, and director of the Pittsburgh Central Union of Sodality, will be the speaker.

## Franklin Home Rooms Compete In Bond Sale

Franklin's stamp and bond contest is now in full swing, with one home room pitted against another, according to Gerald K. Nord, principal of the junior high school.

Seventeen thousand dollars before Pearl Harbor day is the goal of the school, as a whole, which means about \$500 must be raised by each home room. Under the individual committees all home rooms expect to pass their goals, Mr. Nord said.

## Sgt. Bob Shellito Gets Combat Medal

Mr. and Mrs. C. N. Shellito of Highland avenue have received word that their son, Sgt. Bob Shellito, who is stationed in Holland, has been awarded the Combat Infantryman's Medal.

He previously received the Purple Heart Decoration, having been wounded in action in France in July, and was back on duty in August.

Sergeant Shellito is attached to the Combat Engineers.

## Woman Dies After Accidental Shooting

SHARON, Pa., Oct. 4.—Shot as she struggled with her husband for a revolver which was trying to examine, Mrs. Elizabeth C. Kolbrich, 35, wife of Nicholas Kolbrich of Grant street, died yesterday after a month in the Buell hospital.

Mr. Kolbrich was also wounded in the hand by the same bullet which hit his wife.

### MAN HURTS HAND

William Hogue, of Sampson street, suffered a laceration of the right hand at his work late Tuesday morning which required two sutures to close. He was treated at the Jameson Memorial hospital.

## Only Week And Half Remain In Overseas Christmas Mailing

Mailing Is Beginning To Gain Momentum At Local Post Office, Hanna States Today

With only a week and a half remaining in which Christmas boxes will be received for the men and women in the armed forces overseas, a steady gain in the momentum of such mailing is noticed at the local post office, Postmaster William R. Hanna revealed today. However, if the number of packages which are expected to be sent

out of here are to reach the loved ones of local folks, it must be speeded up considerably in the nine mailing days which remain. Mailing are again reminded to see that the packages are placed in secure boxes, have the address legibly printed on the outside and inside, be sure that the address is right, and within the required size and weight; namely not more than 15 inches in length, and 36 inches in length and girth combined, nor over five pounds in weight. Then be sure to mark it "Christmas mail."

## SOLDIER NEPHEW IS HONORED AT PARTY

Mr. and Mrs. David Morgan, of 701 East Lutton street, entertained recently in their home, in honor of their nephew, T-5 Corp. Wilbur Cameron, home on a twenty-one day furlough, from Sitka, Alaska, his first furlough for twenty-four months.

Three tables of 500 were in play, prizes being awarded to Mrs. Norman Collins, Mrs. David Morgan and Mrs. Sarah Minter.

The honored guest was presented with a purse of money by the host and hostess, joined in by those present.

The occasion became a double feature, as it was also the wedding anniversary of the host and hostess, who received some nice gifts.

A tasty buffet lunch was served by the hostess, assisted by Mrs. Charles Davis, the color scheme was of red, white and blue. A huge cake graced the table, with inscription, "Welcome Home Wilbur".

Corp. Cameron will report at Camp Shelby, Miss., after concluding his furlough at the home of his parents, Mr. and Mrs. Riley Cameron, of Leesburg.

Mr. and Mrs. John Kerr, a recent bride and groom, of Erie, cousin of Corp. Cameron, were out-of-town guests.

## Shuler-McConnell News

At a quiet but impressive wedding ceremony, Miss Opal L. Shuler became the bride of Pfc. Donald S. McConnell, vows being exchanged in Central Presbyterian church Friday evening at 6 o'clock. Rev. Robert M. Patterson, pastor, officiated.

The bride, given in marriage by her father, was attended by her sister, Mrs. Francis Bender, Norman McBurney of Slippery Rock served the bridegroom as best man.

A reception at the Bender residence on Carson street followed, and in the evening a wedding supper was served at a downtown dining room.

Sunday "open house" was held at the McConnell residence in Slippery Rock.

The bride is the daughter of Mr. and Mrs. C. M. Shuler, 302 South Ray street. Pfc. McConnell, the son of Mr. and Mrs. Jacob McConnell, Slippery Rock, is stationed at Fort Bragg, N. C.

## Army Seeks 4000 Nurses At Once

Nurses Recruitment Committee Of Red Cross Starts Drive To Enlist Nurses

Nurses Recruitment Committee of the Red Cross for Lawrence, Butler, and Beaver counties, of which Mrs. Margaret Dagon is chairman, and Mrs. Alice Brunswick, co-chairman, plans an intensive drive during the coming month to enlist nurse recruits for the army and navy nurses corps.

Lawrence county chapter of the

Red Cross has been advised by national headquarters that due to the number of war casualties, the war department has requested the immediate recruitment of 4,000 nurses for army service. Five hundred nurses for navy service are also needed immediately.

Registered nurses 45 or under, either married or single, with no dependent children under 14, are eligible to enlist in the army nurses corps. For the navy nurses corps, applicants must be 40 or under and single, widowed or divorced. Base pay for both army and navy nurses for army service is \$1,800 per year plus quarters and subsistence allowance of 70 cents per day.

Further information may be obtained by calling the Red Cross chapter house.

## CHRISTMAS TOYS TO BE STURDIER

OPA Has Good Christmas News For Youngsters In Toyland This Year

WASHINGTON, Oct. 4.—(INS)—The price division of the OPA had good Christmas news for young America today.

When Santa Claus slides down the chimney Christmas eve he'll drag after him a bagfull of toys considerably improved in both quality and appearance over some of the make-shift items he had to leave Dec. 24, 1943.

The price division, which determines prices of new toys, asserted that much of the paper and cardboard guns, trains and other items which cluttered Christmas toy counters last year are gone, and although the 1943 accent on wooden toys continues, these will be sturdier and better stuff.

**Using More Metal**  
Furthermore, the division added, there is even a trickle of pre-war toys.

The new crop of wooden toys, division officials said, have finer finishes, more detail and will last longer than their rickety counterparts of a year ago. For instance, wooden guns are more realistic than last year's models, there are doll cradles as attractive as fine furniture and there are wooden trains and planes which look more like the real thing.

Electric and mechanical trains are still out but some companies may make track this year and one manufacturer of a popular kind of cast metal train, moved by hand, expects to be on the market again.

Here and there, Santa Claus may be able to deliver some cast aluminum toys this year—such as aluminum planes.

**Solid Rubber Balls**  
Also on the 1944 toy comeback list, the price division said, are some solid rubber balls, made of re-claimed rubber, express wagons with rubber tires and wheels, and mechanical pull toys.

Little girls will find a wide choice of dolls, although the mamma doll still is a war casualty. Games remain plentiful and there are more rocking horses and good blackboards. Tricycles are still out.

As far as tree lights are concerned both Santa and parents were warned that they'll have to depend on material already on hand. No new light sets or spare bulbs have been made.

## BRIEF NEWS OVER STATE

**ERIE**—Sgt. Paul Heimberger, an army photographer, went into the front lines to get some pictures, but returned with a German prisoner. The Jerry awakened Heimberger and friends as they slept under a French haystack and became their prisoner.

**NORRISTOWN**—Lengthy "welcomes home" were considered a disfavor rather than a favor to a veteran by Dr. W. H. Kelsey, local commander of the Disabled American Veterans Post, because it postponed his return to normal living. "Prolonged welcomes," he said, "will not only make many veterans feel apart from the group, but will also disorganize living in the entire community."

**EAST MILLSBORO**—An apple tree on the Joseph Chrobak farm was reported working time and a half in bearing wartime crops. Mrs. Chrobak said after the late summer fruit was harvested, a new set of leaves and blossoms appeared.

**PITTSBURGH**—A blond, "The most beautiful creature I ever saw," made the biggest impression on Corp. James Q. Opperman when his outfit marched into Paris. "I came darn near marrying her," he wrote his parents, Mr. and Mrs. Eugene Opperman.

**CHESTER**—The oldest voter in Delaware county will cast her ballot for the Republican presidential candidate Gov. Thomas E. Dewey. She is Mrs. Martha Prescott Johnson, who recently registered soon after her 98th birthday.

## PHONES DAMAGED BY BOY'S PRANK

**GROVE CITY, Oct. 4.**—Damage caused to telephone lines leading from the Blacktown exchange is still being repaired after a small boy caused 6600 volts of electricity to be detoured from a high-tension line over telephone lines when he tossed a weighted copper wire over the electric line near Blacktown. Flames shot out of the exchange, and from instruments in the Charles Onkes and Thomas Mathieson homes, where fires were extinguished by prompt action. Along two lines, telephones rang incessantly, and damage resulted along lines leading to Mercer, Grove City and Plaingrove.

## Cooper-Galehouse Opposing Hurlers In Series Opener

Cardinals Heavy Favorites  
To Cop World Series, No  
Lineup Changes  
Made

### FIRST TIME FOR BROWNS IN SERIES

By LAWTON CARVER  
(International News Service Sports Editor)  
ST. LOUIS, Mo., Oct. 4.—(INS)—Mort Cooper, of the Cardinals, one of the outstanding pitchers of these times, and Denny Galehouse, of the Browns, an oft-traded wanderer of little renown, opposed each other this afternoon as the two St. Louis clubs tangled before a capacity crowd in the third world series to be conducted in World War II.

Cooper, a 22-game winner and veteran of the Cards' world series appearances last year and the year before, was Manager Billy Southworth's logical choice, but Galehouse was strictly a surprise package on the part of Manager Luke Sewell who said simply but confidently "he's my man" as he pointed to the side-arming right-hander. Galehouse won only nine games and lost 10 this season.

No Lineup Changes  
No notable lineup changes were announced for either side, nothing untoward occurred in the last few hours before they tangled and the first all-St. Louis world series seemed destined to be run-of-the-mill but nonetheless they're betting even without the presence of great standard performers usually found in these classics. The war removed most of the big names from the baseball rosters and it was the residue of 4-F's and over-age gents who began to contest this one today.

The Cardinals were 11 to 20 bet favorites to take today's game and 2 to 1 chances for the series.

Probable Lineups  
Probable lineups for today's opening game of the all-St. Louis world series are:

Browns	Cardinals
Gutteridge, 2b	Hopp, cf
Kreevich, cf	Sanders, 1b
Laabs, lf	Musial, rf
Stephens, ss	W. Cooper, c
Moore, rf	Kuroski, 3b
McQuinn, 1b	Litwhiler or Bergamo, lf
	Marion, ss
Christman, 3b	Verban, 2b
Hayworth, c	M. Cooper, p
Galehouse, p	

Umpires: Sears (N) at plate; McGowan (A) first; Dun (N) second base; Piggras (A) third base.

### Salient Facts Of Series Opener

ST. LOUIS, Oct. 4.—(INS)—Facts and figures on the opening World Series baseball game in Sportsman's Park in St. Louis today:

Contenders: National League champions, St. Louis Cardinals and American League champions, St. Louis Browns.

Time of game: 2 p.m. (CWT).

Weather forecast: Cool and no rain.

Probable attendance: 35,000.

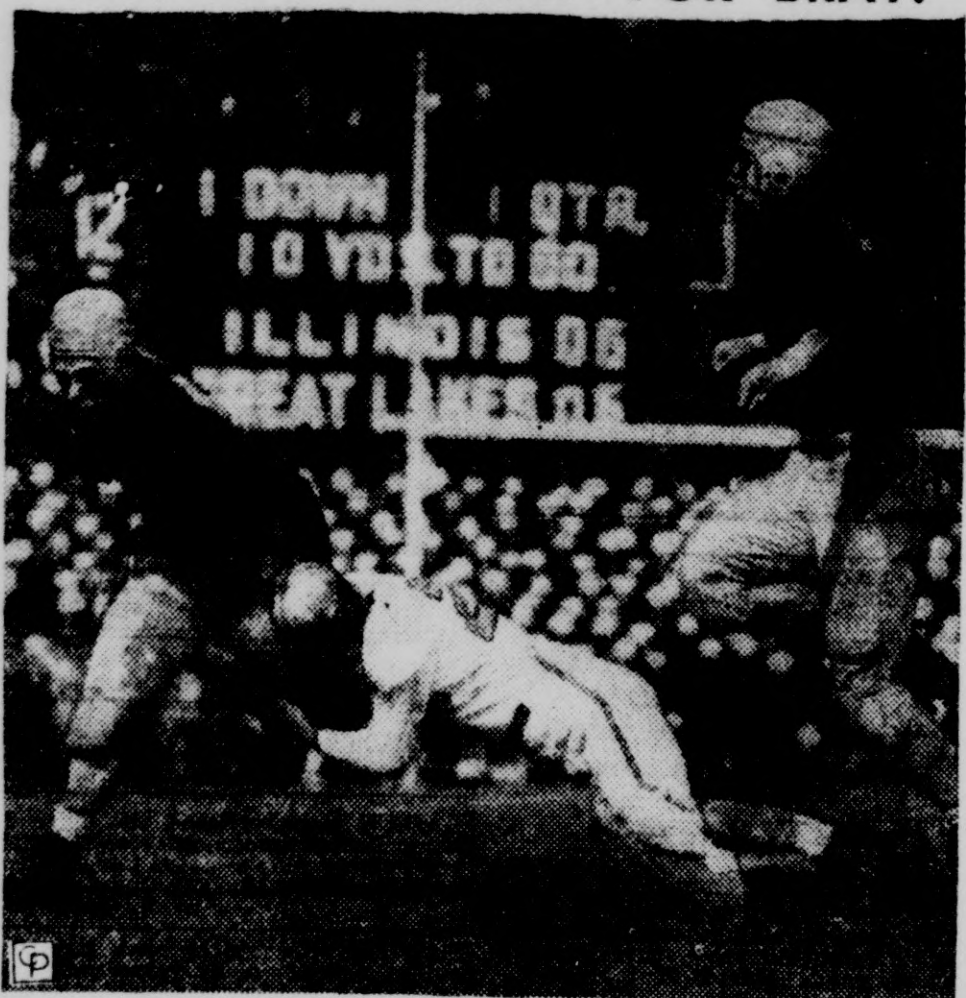

Broadcast: Mutual Broadcasting System beginning at 1:45 p.m. (CW).

Betting odds: Cards 1 to 2 to win the series and 11 to 20 to win today's game.

Starting pitchers: Mort Cooper (22-7) of the Cards and Dennis Galehouse (9-10) of the Browns.

## Rubber Battle Here On Friday

New Castle And Altoona  
Tied One Apiece In Grid  
Series To Date

New Castle High's "Red Hurricane" football team will try hard on Friday night at the stadium to win the rubber game in the series with the powerful Altoona High Lions grid team. The series now stands at one apiece in the two games already played. The kickoff is at 8 o'clock.

It was 12 years ago, back in 1932, that New Castle dished out a 13 to 0 defeat on the Lions in their own ballfield and then the two teams went separate football ways. Altoona the previous year, 1931 to be exact, came to Taggart stadium and hung a 13 to 6 defeat on the necks of the Bridenbaughs in a stunning upset.

Expert Real Battle  
Altoona comes here with a team undefeated in two previous starts, while New Castle has met with success in one out of four games played. Nonetheless it will be a real battle under the arc lights and one that will thrill the most fastidious of football lovers.

Head Coach Phil Bridenbaugh has indicated that Sammy Flora will probably be at left-half in place of the injured Panella. Flora has been understudying Panella all season and will be the logical man to fill the gap. There may be a few other changes in the New Castle lineup but Bridenbaugh was not prepared to give us a definite answer on this score today.

This will be the fourth class AA battle for New Castle on the star-studded seven-game class AA card which has been arranged. New Castle has won one and lost two class AA contests to date.

## Franklin-Sharon To Play Thursday

Coach Austin Cowmeadow Has East  
Siders Ready For Opening  
1944 Game

Ben Franklin Junior High football team will open the 1944 grid season Thursday afternoon at the stadium with Sharon High instead of Friday as previously announced. The game will start at 3:30 o'clock. This is the first test for the 1944 edition of Patriots coached by Austin Cowmeadow and George Binder. Franklin has very few lettermen back from last year and the outlook for a winning team has been rosier. But, the East Siders will field a fine team tomorrow and a victory is looked for.

George Washington will be at Campbell on Thursday for its second game of the current season. Washington opened by defeating Ellwood City last Thursday afternoon in the rain. Washington showed a lot of promise, according to Coach Art Alexander and his assistant, Tom Smathers.

## CATHOLIC GRID GAMES TO START

Four Grade School Elevens Com-  
prise League Which Opens  
Season Saturday

Rev. Fr. Ignatius A. Koller today announced the Catholic Grade School league will begin another football season Saturday with St. Joseph the defending champion.

Four parish teams compose the circuit, namely, St. Mary, St. Vitus, St. Joseph and St. Michael. Games will be played at 10 a. m. each Saturday at Union high field and Taggart stadium, practice field. There will be complete supervision at the games by priests of the respective parishes.

The schedule follows:  
October 7—St. Michael vs. St. Mary at Union high; St. Vitus vs. St. Joseph at Taggart field.

October 14—St. Vitus vs. St. Michael at Union high; St. Joseph vs. St. Mary at Taggart field.

October 21—St. Mary vs. St. Vitus at Union high; St. Michael vs. St. Joseph at Taggart field.

October 28—St. Vitus vs. St. Joseph at Union high; St. Mary vs. St. Michael at Taggart field.

November 4—St. Joseph vs. St. Mary at Union high; St. Michael vs. St. Vitus at Taggart field.

November 11—St. Michael vs. St. Joseph at Union high; St. Vitus vs. St. Mary at Taggart field.

November 18—St. Mary vs. St. Michael at Union high; St. Joseph vs. St. Vitus at Taggart field.

November 25—St. Michael vs. St. Vitus at Union high; St. Mary vs. St. Joseph at Taggart field.

## Union Hopes To Trip Bessemer

Coach Pat Patterson Has  
Union Primed For Battle  
With Cement Towners

Union High school football team is putting in extra hours of rehearsal this week, getting ready for the invasion Friday afternoon of the powerful Bessemer High eleven, perennial rivals. The kickoff at 2:30 o'clock will find the largest crowd in recent years at the Union field.

Coach Pat Patterson, not inclined to be optimistic, says, "Maybe we'll have a few surprises for Bessemer this year."

Union will put a team on the field at the start of the game that will average 164 pounds which is heavy for Class B football. The Union line will tip at 168, the backfield at 160.

First County Test  
This will be the first test in the Lawrence County Class B football championship race. Union hopes to chase the Bessemer jinx. The fondest hopes of Union will be for a victory, denied them in Bessemer games for many years.

Coach Patterson has announced that Union's lineup will have several changes from the eleven that faced Evans City last week. Book out of the game since Mars was met in the open with a leg injury, is expected to be at the left-end spot. Taylor, a 205-pound freshman with not much experience but developing fast, will be at left tackle, and Wallace, a junior who has been out since the Poland game with a bad ankle, will be back in the lineup. Bliley, a left tackle last week, will move to right tackle to strengthen that side of the line.

Preparations are being made to handle an overflow crowd for the game Friday. The field will be well patrolled and no spectators will be permitted on the playing field. Union is anxious to win and the fans have caught the spirit and will be backing up the Scotland Lancers.

Ellwood City High's undefeated and untied Wolverine football machine, headed for Class AA championship honors this year, will take a "breather" this week playing Monaca at Monaca on Saturday night.

Ellwood In Class AA has disposed of three schools—Butler, Farrell and Rochester. Three more Class AA battles remain on the card—Beaver Falls, New Brighton and Aliquippa. Ellwood can win the Class AA title rating and also the Beaver county championship by winning the final three games on the card.

Shenango At Hopewell  
Coach Eddie Nahas will take his Shenango High Wildcats to Aliquippa on Saturday night to battle the undefeated Hopewell High eleven at the Aliquippa High field. The game will start at 8:30 o'clock.

Shenango hopes to get started on the right side of the ledger this week in the Hopewell game. Tied by Freedom in the first game, the East New Castle boys have lost to Mars and Zelenko since the opening game with Freedom.

Coach Nahas hopes to have his star fullback Charles Tanner in the Hopewell game. Tanner is a real triple-threat man and will be needed if Shenango is to be in the ball game.

GREENVILLE, Pa., Oct. 4.—(INS)—Miss Rita H. Ormsby, Evergreen Park III, daughter of Emmett "Red" Ormsby, retired Major League baseball umpire, will be married Saturday to L. Melville P. Cummings.

Miss Ormsby is the first of "Red's" 13 children to marry.

Lieutenant Cummings has been stationed at Camp Reynolds since last July. His home is 9429 Justice St., Chicago.

MEMBERS of the Pennsylvania Game Commission will dine with sportsmen of nine western Pennsylvania counties tonight at Meadville. Incidentally the dinner will be held in the same banquet hall where sportsmen asked Governor Martin to reappoint Ross L. Leffler to the commission and Robert Lamberton to the presidency, requests which were granted. According to Seth L. Myers of Northwest Pennsylvania Sportsmen, every member of the board, including Col. Biddle, now in military service, has the unanimous approval of the northwest division of the State Federation of Sportsmen's clubs.

"Occasionally we hear someone ask why these men are willing to donate so much of their time without pay of any kind. This can best be answered by becoming acquainted with them as men," Myers writes. "Once you know them, you realize that it is their interest in their fellowman which keeps them plugging along to promote better hunting conditions for all. Once in a long while we hear some narrow minded person attempting unjust accusations of the commissioners but in each case it is because of ignorance of the workings of the commission."

"When any member of this board deliberately attempts to use it for his own selfish ends, he is soon caught off base and thrown out. So far none of this type have ever been able to reach home plate or return to the base they left. We now have a swell team, all working together and it is up to us all to be on the sidelines rooting for them. More than rooting is needed in this game, however; we are needed to pitch in and help them where ever possible. By working with your local sportsman club you can be close to the game and will know when and how you too, can help create better hunting and fishing conditions for yourself and future sportsmen."

Inspired by the success of Pete Gray, stellar one-armed outfielder of the Memphis Chickies of the Southern League, Chester Morrissey Jr. of Binghamton, N. Y. hopes to play minor league ball, despite the fact he lost his right hand as a result of a fireworks mishap during boyhood. Normally a right-hander, Chester was so interested in sports he refused to give up and learned to throw left-handed. He has been a star southpaw hurler for his high school team and last spring batted .450. Young Morrissey places his glove under his right elbow to pitch, and deftly slips the mitt on his left hand after letting the ball go. There is no lost time, and after fielding a bunt, he can shed the glove and whip the ball to first as fast as most hurlers not handicapped. Chester wants to study journalism and believes a summer job in the minors will help him make his way through college. His pitching has been polished by a fellow-townsman, Bill Hallahan, former star southpaw of the St. Louis Cardinals.

Johnny Marion, veteran outfielder of St. Paul in the American Association, was once a holdout who had already signed his contract. Late in 1933, when Johnny was with Chattanooga of the Southern League, he signed his contract for the next year. During the minor league winter convention the contract form was changed and Chattanooga sent the new type document to all its players including Marion. They simply wanted him to sign the new style. But Johnny didn't like the figures and refused. All the while the club had the valid contract he had signed late in the 1933 season. The "holdout" finally was made to see the light and inked the new contract.

## Higgins Worrying About Navy Game

Winner Of Game To Play Johnson  
Bronze In Series For  
Loop Flag

West Pittsburg and the International Association of Machinists will clash at 5:30 p. m. Thursday at Marshall field in the Shaughnessy play-off. The winner of the game will oppose the Johnson Bronze, victor over the Moose, in the first of a three-game series for the league championship Sunday afternoon at Marshall field.

STATE COLLEGE, Pa., Oct. 4.—(INS)—Bob Higgins, Penn State's gridiron mentor, wrapped himself in gloom today as his team worked out for Saturday's contest at Annapolis with Navy—defeated last week by North Carolina pre-flight.

"A Navy victory was just what we needed to do anything against the Middies," he said. "Now we'll catch them on the rebound and you know what that means."

Higgins reported he would take three teams to Annapolis, divided between Navy-Marine trainees and freshmen.

MARKET PRICES  
ARE MIXED TODAYExcept For Activity In Few  
Specialties, New York Market  
Is Featureless

NEW YORK, Oct. 4.—(INS)—Stock market prices were mixed today in trading which was a duplicate of yesterday's narrow, meaningless session. Except for activity in a few specialties, the market adhered to a featureless pattern. Trading volume was small.

Among the selective issues, Pepsi-Cola gained more than a point. Texas Pacific Land Trust and Webbs' Easement were active and higher.

Chemicals, utilities, communications and steel were mixed. Bethlehem and U. S. Steel edged up fractionally but Crutcher and Youngstown drifted lower. Motor stocks were mostly unchanged. Oil improved about 1-4 of a point. Gains in New York Central and Southern Pacific were offset by losses in Santa Fe and Chesapeake & Ohio.

Governor Warren  
Says Republicans  
Can Win California

COLUMBIA, O., Oct. 4.—(INS)—"A lot of hard work" between now and the November election can swing California's 25 electoral votes to the Dewey-Buchanan Republican presidential team, Gov. Earl Warren, of California, said today.

Emphasizing that his belief was not a prediction because "I've never predicted any election in my public career," Warren nevertheless declared that the Republicans could carry California and the nation.

In Columbia to open the Franklin county GOP campaign, Warren said that Dewey's swing through his state had been "extremely helpful" and that the forthcoming tour by Ohio's John W. Bricker would aid in solidifying Republican sentiment.

"We can win this election," Warren stated. "I'm sure of it, if we put in as much hard work as the Democratic big city machines headed by Hague, Pendergast and others of that ilk."

"I am inclined to believe that it will be a close election but I am certain that we can win."

Cpl. L. B. Black Is  
Reported Wounded

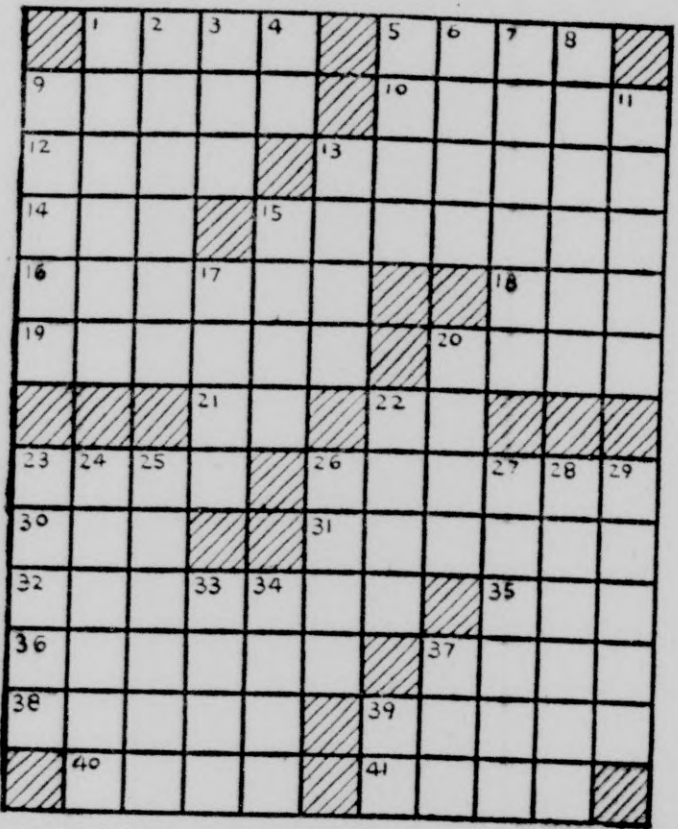

Mrs. William S. Baird of 445 Court street has received word from the adjutant-general that her son, Corp. Louis B. "Bus" Black has been seriously wounded in the fighting in France.

Corp. Black is a graduate of the New Castle senior high school class of 1939 and for several years was a newsboy carrying The News.

He went into service in May, 1941, and in May of this year was sent overseas in the infantry.

## Senate Committee Proposes Nation Boost West, South

Would 'Freeze' Government Owned Plants In Eleven Eastern States

WASHINGTON, Oct. 4.—(INS)—A senate committee investigating industrial centralization recommended today that congress "freeze" seven billion dollars of government-owned war plants in eleven eastern states to industrial growth in the west and south can be promoted in the post-war era.

The committee, made up of southern and western senators, also urged that all possible war production be shifted to the west and the south when Germany is defeated.

Sen. Pat McCarran (D), Nev., chairman of the committee, proposed that sale or lease of the government-owned industrial plants in the eleven eastern states be conditioned upon industry agreeing to scrap an equal amount of old plant space.

The eleven states are identified as New York, New Jersey, Pennsylvania, Massachusetts, Connecticut, Maryland, Delaware, Rhode Island, Ohio, Michigan and Illinois.

"The impulse to centralization is basically anti-capitalist," said the report. "It places the interests of a small group above the obvious needs of the whole economic system."

The report declared that development of industrial resources in the west and south would result in a building boom beneficial to the entire country.

Unless industry is expanded in the west and south, the report said, three million people engaged in wartime industrial activities in those regions must seek new jobs.

## Wartime Canning Notes

By Miss Laura Phillippi, Home Economics Extension Representative

### WATCH FOR SPOILAGE IN HOME CANNED FOOD

Once a month check canned products on your shelves and prevent loss of food.

With regular inspection loss from spoilage can be reduced. For example, if contents of a jar have started to mold, mold may be removed and the rest of the food used at once. However, if more than half the food is spoiled or mold it is best to discard all the product.

Following are some precautions and ways to detect other types of spoilage:

It is necessary to examine carefully all canned foods before opening the jars or using the food.

Discard jars with leaking or broken seals. Tin cans may swell or become perforated and leak.

There should be no outrush of gas or squirting of liquid when a jar is opened. The liquid should be no cloudier than when the product was canned.

If the screw bands have not been removed, now is the time to do so before they rust fast to the jars and are next to impossible to remove when you use your food. There it is possible to check imperfect seals. Cans with imperfect seals should be examined very carefully and use first.

Discard any product that is soft, mushy, slimy, or moldy in appearance. Smell the food, both when it is cold and when first heated. The whiff when the product is heated brings out odors not noticeable when it is cold.

All food that shows any sign of spoilage by appearance, odor, or taste must be discarded. Buy deep or bury it; do not feed to animals or chickens. Sterilize all jars that contained spoiled food.

Last but not least, do not taste home-canned nonacid foods (all vegetables except tomatoes and meat) that have been processed in the boiling water bath until they have boiled 10 minutes in an uncovered kettle.

## Local Music Lovers At Gymanfa Ganu

Councilman D. O. Davies, Eddie Davies, Henry T. Jones, Florrie and Margaret Davies, of Waldo street, Mr. and Mrs. William Richards, of Fulton street, Mr. and Mrs. Griff Lewis, of East Washington street, Thomas D. Thomas and Mr. and Mrs. Miff Miller, of Cunningham avenue, Miss Lela Lewis, East Long avenue, Miss Ann Jones, South Jefferson street, Miss Elizabeth Rees, East Long avenue, Richard Johns, of Park avenue, were among those from this city, who attended the Gymanfa Ganu (Welsh Hymn Singing Assembly), held on Sunday afternoon and evening at McKinley Memorial Hall, Niles, Ohio, sponsored by the Niles Druid Club.

They report splendid singing at both sessions. The Cambrian Male Chorus of Cleveland, and the Civic Mixed Chorus of Akron, directed by Prof. Albert Hughes, gave a number of selections which were well received. John Taranakis Thomas of Mansfield, Ohio, well known baritone, formerly of this city, gave a solo.

## St. Vitus Sodality Has Breakfast

A large crowd of Sodalists from the Sodality of Our Lady of St. Vitus church, attended the communion breakfast Sunday, after the 7:30 o'clock mass.

The event was held in the convent hall, and Rev. Fr. Nicholas DeMita, pastor, gave the blessing and following spoke to the girls. The tables were nicely arranged for the occasion.

Frances T. Corio, prefect of the Sodality, was in charge of the program. Rose Biazio sang "The Rosary" with Josephine DeMase accompanying on the piano. A few remarks were made by Cadet Nurse, Helen Venditto of Mercy hospital, Pittsburgh. Frances Corio gave the closing prayer.

Mary Chill was chairman of the event and co-chairman was Antoinette Call.

## Yanks Not Fooled By Nazi Trickery

IN THE U. S. THIRD ARMY FRONT, Oct. 4.—(INS)—The Germans on one sector south of Metz today attempted to score a "phony war" victory over the Americans and failed completely.

The enemy snaked several loudspeakers close to the American lines and a voice in perfect English claimed the Yanks were completely surrounded and would be treated with every consideration if they surrendered.

Two minutes later the Americans replied in the form of a dozen 105-millimetre shells which tore the "broadcasting station" and its loud speaker equipment to pieces.
